

Organizational Meeting
B. Administrative Authorizations

1. Authorization of Superintendent's Designee to Attend School Board Meetings in Absence of Superintendent

The School Board authorizes Andrea Bengier to act as the superintendent's designee to attend School Board meetings in the absence of the superintendent for the period January 1-December 31, 2004.

2. Authorization of Superintendent to Assign and Transfer Teachers, Principals and Assistant Principals (Legal Ref: Section 22.1-297 and Policy 5-11)

Whereas, Section 22.1-297 of the Code of Virginia and Policy 5-11 of the Stafford County School Board provides means by which the superintendent can be authorized by the School Board to reassign teachers, principals, and assistant principals;

Now, therefore, be it resolved, that the Stafford County School Board authorizes its superintendent to reassign teachers, principals, and assistant principals from January 1-December 31, 2003 to any school within the school division.

3. Authorization of the Superintendent or Designated Representative to Issue Signed Employment Contracts

That the School Board authorizes the superintendent or designated representative to issue employment contracts, signed by the Chairman, with appointment to be approved by the School Board at its next regularly scheduled meeting.

NOTE: This is consistent with long-standing practice and action of this School Board. Annual authorization appears to be prudent.
